## Awaken your creativity.

CLASSES  
SPRING 2007

Dear  
Friends,

In 2007, we celebrate our 25th Anniversary. My mother, Lydia, and I opened our doors in April, 1982. I really think I have the best job in the world. Every day I come to work and teach jewelry making. And, over twenty-five years, I have seen students become recognized jewelry designers, bead store owners and successful importers. I remember when [John Brana](#) first walked through the doors of The Bead Shop. John came in to take a class and from then on, he will tell you, he just wasn't the same.

What happened to John happens every day at The Bead Shop; I call it the "Creative Light Bulb Moment". It's the instant when a new beader realizes s/he can actually make something... s/he can actually make jewelry! And, when you have that epiphany, you feel fantastic!

In simple ways, we want to help you find creative bliss. We are offering classes we feel will entice you and challenge, but not overwhelm. We are also introducing "Tutorials"- mini classes for those who want to take little steps without big commitments of time and materials. And, in case you haven't been in for awhile, we are making more time, more tables and more room for Bead Parties and Trunk Shows. So, it's even easier now to come in and bead with some friends or celebrate a special event in your life. We are also trying to be kind to Nature. We are not printing a full class catalog. You can view all of our classes online at [www.beadshop.com](http://www.beadshop.com).

On behalf of everyone at The Bead Shop, we wish you and those you love a wonderful New Year! And, I hope to see you soon at the bead bar. Let's bead happy!

Warmest regards,

Janice
